FIVE ZONES OF  
HIGH-PERFORMANCE  
ENGINEERING

# ONE PERFECT GOLF GRIP

The new Z5 from Lamkin features five distinctive grip zones scientifically engineered to promote proper hand placement and the ideal light-pressure grip with every swing. The grip's multi-compound foundation is combined with a functional network of textures and patterns to deliver enhanced grip comfort, control and consistency.

## Zones 1 & 2

The intricate horizontal pattern includes a soft cord weave that delivers exceptional traction, enhanced comfort and slip-free grip confidence in all weather conditions.

## Zone 3

The critical middle zone of Z5 includes two FingerLock panels designed to secure a golfer's thumb in a consistent grip position with every swing. The panels' simulated rope texture offers a unique tactile response that reinforces club control without excessive grip pressure.

## Zones 4 & 5

A shallow micro-texture provides a smoother and more comfortable feel in the non-glove hand, while the V-shaped dividing groove promotes a consistent and proper grip position of a golfer's lower hand.

**CONQUER  
THE LONG GAME**

## **MORE SPEED & DISTANCE**

Featuring a multi-pattern surface and a firmer, responsive compound, the new Z5 provides a secure connection designed to eliminate excess grip tension while promoting consistent hand placement for the ideal grip with every swing. With lighter grip pressure and the proper grip at address, the backswing is more fluid and the clubhead is properly positioned for increased speed, distance and shot control.

**CONQUER  
THE SHORT GAME**

## **MORE ACCURACY & CONFIDENCE**

With a smoother micro texture and V-shaped dividing groove in the lower grip zones, Z5 delivers enhanced feel and a functional alignment reference that enables the hands to work in unity for greater shot consistency and control.

**CONQUER  
THE CONDITIONS**

## ALL-WEATHER PLAYABILITY

The upper zones of the new Z5 grip include a deeper horizontal pattern and cord weave for maximum grip traction and control in all climates and playing conditions.
